Prof. Dr. med. Carole Elodie Aubert, MSc
Allgemeine Innere Medizin
Universitätsklinik und Poliklinik für Allgemeine Innere Medizin
Inselspital Bern

Carole Elodie Aubert is pursuing a career as a clinical researcher with a special focus on quality of care, patient-centered care and reduction of overuse of care. She is particularly engaged with young physicians who want to gain research experience or start an academic career. She is co-director of the policlinic of general internal medicine of the Inselspital.

Dr. med. Guillaume Speierer
Allgemeine Innere Medizin
Universitätsklinik für Allgemeine Innere Medizin
Inselspital Bern

Guillaume Speierer is a resident in Internal Medicine at Inselgruppe, Bern, and product line owner responsible for stationary care, quality management, and medication within the Epic electronic health record system. Applies clinical expertise to implement new AI Tools in Epic, optimize digital workflows and patient safety. CEO and founder of MedSP, a startup developing a platform for interoperable diagnosis calculators, semi-automatically mapped to international standards.

PD Dr. med. Stefan Markun
Allgemeine Innere Medizin
Institut für Hausarztmedizin
Universität und Universitätsspital Zürich

Stefan Markun is a researcher and teacher at the University Hospital Zurich and the ETH Zurich. He is highly engaged in teaching activities focusing on medical interviewing and methods of rationality in medicine, including diagnostic reasoning. Stefan Markun is the scientific group leader of the FIRE project, which uses routine data from Swiss general practice for health services research and to improve quality of care.

Dr. med. Martin Perrig, MME
Allgemeine Innere Medizin
Universitätsklinik für Allgemeine Innere Medizin
Inselspital Bern

Martin Perrig has been engaged for many years in the clinical education and training for General Internal Medicine. One of his main concerns is providing high-quality, patient-centered, and evidence-based medicine. He has many years of experience in promoting talented and motivated resident and senior physicians. Co-editor of a guide for young senior physicians.

Dr. med. Christine Roten, MME
Allgemeine Medizin
Universitätsklinik für Allgemeine Innere Medizin
Inselspital Bern

Christine Roten is specialized in general internal medicine with certification in Clinical Emergency Medicine with extensive expertise in clinical education. She has a rich background in clinical teaching and medical research, particularly in internal medicine and physician education. Her work promotes improved diagnostic accuracy and enhanced physician well-being. She is actively involved in teaching students and physicians at various stages of their education. She is the co-author of a guide for young senior physicians.
